Linn Latt Win Win

Junior Full Stack Developer

linnlatt.ww11@gmail.com | **09771635588** | **github.com/Linn-Latt** | **linn-latt-portfolio** | **Yangon, Myanmar**

PROFESSIONAL SUMMARY

Junior Full Stack Developer with experience building React/Next.js applications and Laravel REST APIs. Familiar with database design, API integration, CRUD operations, debugging, and Git. Currently learning Node.js and continuously improving my development skills.

SKILLS

- **Languages:** JavaScript, TypeScript, SQL
- **Frontend:** React.js, Next.js, Vue.js, HTML, CSS, Tailwind CSS, Shadcn UI
- **Backend:** REST APIs, Laravel (PHP), Node.js
- **Database:** Neon DB, MySQL, Prisma ORM
- **Tools:** Git, GitHub, Postman, AI-assisted development (Antigravity, GitHub Copilot, Claude)
- **Spoken Languages:** Native Burmese, Upper-Intermediate English

WORK EXPERIENCE

Junior Web Developer, Brain Myanmar Co., Ltd. | Jun 2026 – Present

- Contribute to database design, API development, and API integration for the Work Done Tracker project.
- Maintain and enhance the Search System and its related Admin Panel, improving reliability and usability.
- Work closely with senior developers, following team coding standards and Git workflows.

Full-Stack Developer (OJT), Min Shin Saw Co., Ltd. | Aug 2025 – Feb 2026

Trained under a senior developer while contributing to live client projects.

- Built admin dashboards, forms, lists, and data tables in React.js and Vue.js, connected to REST APIs.
- Developed and maintained RESTful API endpoints with full CRUD operations in Laravel and MySQL.
- Debugged and optimized live production systems, fixing UI bugs and improving application performance.
- Followed team coding standards, folder structure, and Git branching workflow.

PERSONAL PROJECTS

NoteIt | **React.js, Next.js, Neon DB (PostgreSQL), Prisma** | Live Demo | GitHub

- Note-taking app where users create notebooks and write, organize, and manage notes in a clean, well-structured interface.
- Designed the PostgreSQL schema and handled data access with Prisma ORM.

Shadcn Next Dashboard | **React.js, Next.js, TypeScript, Zod** | GitHub

- Admin dashboard boilerplate with authentication, role-based access, reusable CRUD modules.
- Used Zod for type-safe form and data validation.

Subtitle SDK | **TypeScript, Node.js, Groq Whisper API** | GitHub

- TypeScript SDK to parse, edit, format, and convert subtitles between SRT, VTT, and TXT.
- Integrated the Groq Whisper API to transcribe audio into subtitles.

Pixel Art Maker | **HTML5, CSS3, Vanilla JavaScript** | Live Demo | GitHub

- A lightweight browser-based pixel art editor that lets users create pixel art.

EDUCATION

University of Greenwich - Bachelor of Computing (Information System) | 2025 - April 2026

NCC Education - NCC Level 5 Diploma in Computing | 2023 - 2025
